Notes about the Regional Coodinator Dashboard

The team is open to thoughts or ideas about what would be wanted on the dashboard. We are currently working off of the ideas that were discussed with the SE Regional Coordinator.

Items know to be wanted:

- Candidate Observations / Candidate counts
- Current Data Call information

Data move

The team is planning to move data during December and January.

This move was discussed on the RefCorps call in September.

The move will allow for the protection of personal data (including SafeSport and Background Checks dates) but exposing if a referee has completed those items.

If you have questions about please contact the team.

We are willing and open to meeting with each of you to go over your thoughts, ideas and concerns.

Mariah is here today, and Doug will be in tomorrow. Both are willing to sit with you.
