USRowing Competitive Standard Times (CST)

The purpose of the selection procedures is to select qualified athletes and crews to represent the United States at the World Rowing Championships. In order to ensure that all selected crews have the experience, skill, and speed necessary to compete with current international standards, minimum time standards are part of the selection procedures.

Rowing has no official world records. For the Elite level World Rowing registers World Best Times during all World Rowing events (World Cups, Continental and World Championships, Paralympics). These times are not called 'records' because of the variations rowers experience in wind, water temperatures and flow. For Under 23 and Under 19 World Rowing only registers World Rowing Championships Best Times.

World Best Times are helpful for developing standards. In order to determine fair and comparable standards across the events there are more criteria to take into consideration. The USRowing Competitive Standard Times (CST) for the Elite events are developed based upon three elements:

- Registered World Best Times;
- Theoretical calculation of the relative speed for each event based on the assumed power and weight of the World Class athletes and the drag of the boat;
- Statistical analysis of historical data of Paralympics, World Rowing Championships and World Cups since 2017: average winning times, relative time per event in relation to PR3Mix4+, spread in finals, trend per event over the last Paralympic cycle.

Para races are held over 2000m only since 2017. Furthermore, some boat classes are relatively new and/or have seen only limited entries. Therefore, the Para dataset is very limited and calculations for other categories are used to verify the relationship of the standards for the different events.

Event	*World Best Time*		*USA CST*	
	Year	*Time*	*Time*	*% PR3Mix4+*
PR3Mix4+	2024	6:43.60	**6:45.00**	100.0%
PR3Mix2x	2025	6:58.41	**7:00.00**	96.7%
PR2Mix2x	2024	7:56.92	**8:00.00**	84.6%
PR1M1x	2025	8:40.38	**8:45.00**	77.6%
PR1W1x	2023	9:47.83	**9:55.00**	68.7%

Selection Procedures

As outlined below, selection to the 2027 World Rowing Championships Team will be made in one of two methods:

Paralympic Selection Camp
PR3Mix4+

World Rowing Championships Trials
PR1M1x, PR1W1x, PR2Mix2x, PR3Mix2x

2027 NATIONAL TEAM ANNOUNCEMENT

USRowing will announce the 2027 Para National Team no later than seven days after the final selection event.

Paralympic Selection Camp

SELECTION PROCESS PARALYMPIC SELECTION CAMP
PR3Mix4+

A. There will be approximately eight athletes invited to the selection camp.

B. The objective of the camp is to select the PR3Mix4+ for the 2027 World Rowing Championships.

C. Athletes who want to be considered for the selection camp must submit at least one 6,000m erg test and at least one 2,000m erg test on the USRowing website before May 1, 2027, and must participate in the Spring Speed Orders (May 14-16, 2027 West Windsor, NJ). If an athlete is unable to fulfill one of these requirements because of injury or illness, the athlete needs to receive a medical exemption from the appropriate member of the USRowing Medical Committee. Collegiate athletes who want to be considered, but are unable to participate in the Spring Speed Orders because of academic constraints can request to be exempt.

D. The athletes will be invited upon discretion of the Chief High Performance Officer. The following criteria will be used when deciding discretionary invitations (listed in no particular order):

a. Performance in 2026 and 2027 NT Testing, Speed Orders and Trials;
b. Performance in 2026 international competition;
c. Coach's recommendation.

E. Before the start of the selection camp a document shall be published to explain the objectives of the camp, the program, the selection criteria and the selection protocols that will be used. In order to participate in the camp, the athletes have to acknowledge the document.

F. The Chief High Performance Officer shall, in consultation with the Para High Performance Committee, appoint a Lead Coach and a Selection Panel for the selection camp. The selection panel consists of the Chief High Performance Officer or their designee, a member of the Para High Performance Committee or their designee, and a member of the Athlete Council or their designee. Final selection decisions shall be the responsibility of the Selection Panel.

G. The objective of the camp is to select the best athletes based on the following factors (listed in no particular order):

a. Athlete's technical skills for the boat class and their seat;

b. Athlete's absolute power and power efficiency;
c. Athlete's team dynamic skills;
d. Overall performance at selection camp;
e. Meets minimal eligibility criteria set forth on page 3.

H. At the conclusion of the selection camp the Lead Coach shall present the proposal to the Selection Panel. After approval by the Selection Panel the decisions shall be published.

I. The selected athletes must sign and submit their declaration of intent to compete in the 2027 World Rowing Championships to the USRowing Chief High Performance Officer, or their designee, no later than three days after publication of the panel decision.

J. Each selected athlete will be named to the 2027 Para National Team, provided the athlete submit their declaration of intent to compete on time and satisfy the minimum eligibility criteria set forth on page 3.

COXSWAIN SELECTION

The Head Coach Para will invite two coxswains to the Boston Training Center by October 31, 2026. Coxswains who want to be considered are required to be full time available at the Training Center and during camps and events. The invitation is discretionary and is based upon the evaluation of the required competences by the Head Coach.

Each invited coxswain will have the opportunity to demonstrate their specific abilities, their understanding of the technical model, their group dynamic skills and other required competencies over a prolonged period of time. Final selection will be the choice of the Head Coach, in consultation with the selected crew at the end of Selection Camp.

Coxswains who want to be considered for a future invitation and who have not applied in 2026 through the link listed in Appendix L, Coxswain Selection Procedures, are encouraged to do so by May 31, 2027. The Coxswains Panel will review the applications and advise the Head Coaches about possible future candidates.

SELECTION PROCESS AT SELECTION CAMPS

Selection camps are used to determine the top athletes and the fastest combination of top athletes, allowing the fastest individual athletes to come together in one location to assemble the best combination of talent in the team boats. In order to do so, at selection camps, individual athletes will be selected to form the best combination of talent for each boat. The selection camp process ensures that athletes in attendance have an opportunity to be selected for the team boats. However, the selection camp process, while based on objective performance markers, also must include team-related performance assessment. The dynamic of teamwork, leadership, and movement in a team boat requires development and assessment over time.

Results of measurable competitive processes at the selection camps, including, but not limited to time trials and seat racing, will be made available for athletes participating in the respective selection camp to review within 24 hours of the end of practice. USRowing will keep records of the underlying data used to evaluate athletes in the selection camp process for a period of six months after the 2027 World Rowing Championships.

GRIEVANCES RELATED TO THE SELECTION PROCESS

An athlete or coach who has grievances related to the selection process, is entitled to petition for a hearing by the Selection Panel. The hearing will include an appropriate representative of the High Performance Committee and the petitioner unless the petitioner waives this right, in which case the hearing will be conducted with written briefs only. A decision will be issued within two hours of the hearing. The petitioner may be entitled to further resolution of their grievance through the Bylaws of USRowing or USOPC.

SELECTION PROCESS WORLD ROWING CHAMPIONSHIPS TRIALS

H. Should the winning boat's athlete(s) decline, fail to declare their intent or fail to meet the minimum eligibility criteria set forth on page 3, the second-place finisher, if second place meets either the required Performance Standard or Pathways Standard, will be given the option to declare their intent. If second place doesn't meet the standards, also declines or fails to meet the minimum eligibility criteria, the Chief High Performance Officer reserves the right to decline to send a boat to the World Rowing Championships for the event in question.

I. Each qualified crew must nominate a coach who is required to travel with the crew for the length of the 2027 World Rowing Championships. Exceptions must be approved by the Chief High Performance Officer. Nominated coaches must meet the requirements in Appendix D – Coaches.
