

Additional Learn to Row Resources for Organizations

USRowing encourages organizational leaders to take advantage of the resources we have to offer for putting on high-quality learning opportunities for new rowers. Here are some to check out further:

USRowing Safety Videos

These are reminders for best practices, emergency plans, and assessing the conditions. Click [here](#) to check these out on YouTube.

Additional Safety Resources

These are guidelines, posters, and other materials you can post around the boathouse. Review them [here](#).

Resources for New Rowers

These are excellent takeaways for new rowers and parents if you want to print some to have on site during Learn-to-Row Day.

Grow Your Club

[Grow Your Club](#) is a potential partner for USRowing member organizations. They provide hands-on help at no up-front cost across four of the most important areas of running a successful club. This includes getting new members, building and developing your coaching team, improving programs to retain members, and growing income.

If you're interested in getting started, email hello@growyourclub.com).

CoxPod: A coxswain community

Experienced coxswains and hosts of CoxPod created a [brief podcast](#) specific to coxing Learn to Row Day. <https://www.coxpod.com>
